1. School profile

Strathaird Primary School was established in 2005 and is located approximately 45 kilometres southeast of Melbourne. We have 760 students enrolled from Prep to Grade 6 and 70 school staff members including a school first aid officer, 2 Assistant Principals and a school psychologist.

The school population exists in an area of rapid population growth consisting principally of young families with the majority of community members from a second or more Australian generation. Currently 45 percent of students have an English as an additional language and 2 percent are Aboriginal or Torres Strait Islander.

Most grades are based on a single grade level, although composite/multi-age grades are implemented where appropriate, to support school needs.

The specialist areas of Physical Education, Art, Music, Environmental Sustainability, Science and Technology, AUSLAN and a Kitchen Garden Program as well as support programs are provided through, Reading Recovery, Levelled Literacy Intervention and E.A.L..

*We strive to provide a nurturing and challenging environment that empowers students to reach their personal best, both academically and socially.*

## 2. School values, philosophy and vision

A range of key student wellbeing initiatives lay strong foundations for a caring and friendly school environment. Student welfare continues to be an important issue underpinning all school programs. ## Wellbeing and engagement strategies

Strathaird Primary School has developed a range of strategies to promote engagement, an inclusive and safe environment, positive behaviour, and respectful relationships for all students in our school. We recognise the importance of student friendships and peer support in helping children and students feel safe and less isolated. We acknowledge that some students may need extra social, emotional or educational support at school, and that the needs of students will change over time as they grow and learn.

A range of programs have been introduced to cater for and meet the needs of the children. The school is committed to high expectations for all; building consistent, high-quality evidence based instructional practice across the school; and implementing a pedagogy based on student responsibility, empowerment, engagement and ownership of learning. There is an emphasis on the academic program using rigorous, evidence-based literacy and numeracy programs. The Inquiry Learning program incorporates big understandings about our world, a range of learning experiences that build on each other and a range of important skills. High quality specialist programs in Music, Science and Technology, Visual Arts, Sustainability, Kitchen Garden and Physical Education are provided by personnel with expertise.

Early intervention is a key focus of the school and Reading Recovery and small group literacy programs are provided for students who require additional literacy support.

Other programs provided to meet the needs of students, include transition programs - K Prep and 6 to 7, LOTE- AUSLAN, Swimming, Camps (Grade 5 and 6) and Excursions, Life Education Van, Buddy Support, Junior School Council, Values Education, Interschool Sport, Developmental Learning, Perceptual Motor Program, Student Welfare and Discipline Programs,
